**The following information is provided in response to questions received:**

Q1: Are price increases negotiable for the optional extension years?

*A1: Historically, we have used one price, not renegotiated each year. That said, the County would allow the contract to request a change, if it was based on the CIP or something similar (i.e., identifiable market cost increases). The County can accept or reject a change, based on its merits. The County also encourages companies to list as a price for mileage the CONUS rate that is set by the US government. This rate reimburses for use of private vehicles based on mileage, and shifts (typically) once a year.*

Q2: Did the incumbent, Clayton Group Services, have their initial contract period extended or is this RFP a result of the end of the initial contract period?

A2: *Yes, the contract was extended at the end of the first one-year period. However, due to a limitation in the total value of the contract (set at \$75,000 with an absolute max of \$90,000), the County elected to go out to bid again with an increase in the total possible contract pricing/value in the new RFP.*
